Mixin up the medicine
Trippin on the mescaline
Moonshine in the bottle
Got the brooms swirlin like peppermints
Spinnin like a ceiling fan
Hotta then Ive eva been
If u wanna chop it up
You need a propeller man

Cellaphane, sell a gram
Dont sell me the weather man
If u wana make it rain
Make it rain a better jam
Yall weaker then baby's hands
Faker then a renta van

Take it back, make a track
Then give a pen to yelaman
An Ill stomp on that beat
Like its a fight that im just jumpin in

The south is gettin krunk again
In n out like Im punchin in
Bitch betta go take lunch again
Im workin with a bomb of confidence
Politican and flippin the system
Usin my wristn mixin

mixin up tha medicine
mixin up the medicine
I was in the basement mixin up the medicine

I get jail...jump bail
get jail...jump bail
get jail...jump bail
Join the army if ya fail

You goin home, take me witcha
I look at your baby pictures
but I wont have no baby witcha
Back up boy ya heard me
Back up boy ya heard me
Im ballin like the 80s, Ya Im so James Worthy
Still makin money off the white girl, Fergie
I aint a new boy so they know they cant jerk me
No limit how I get it, call me Percy,
Miller Ima killer, no mercey
And Im so dope you'd think Frank Lucas served me
So hot fire couldnt burn me
Bitches wana nurse me
Take her out and trick around
I taker her home and dick her down
and send her back to you
Like baby I was at my sisters house
Ya'll niggas remember me
Im every rapper enemy
cuz they know once I get the lead
You'll neva get a head of me

mixin, mixin, mixin up the medicine

mixin up the medicine
I was in the basement mixin up the medicine

I get jail...jump bail
get jail...jump bail
get jail...jump bail

Swagg on rooftops
And one's new glock
You wana get loud you get blasted-boombox
Attitude like Tupac, when Juice dropped
Still go to the dealer
With the money in a shoe box
(gimme dat)
This wasnt posed to come out
This wasnt posed to come out
They let that new drug out
They let that new drug out
My niggas bout to dumb out
My ladies bout to bug out
And if her body crazy ima take her to the nuthouse
You lames aint interestin
The games been missin this
You niggas full of suga and I came with the insulin
Whatevers you addiction
I got the perscription
I get it how Im livin and Im lovin every minute
You got that shit that just came out
That new new
I got that shit that aint come out
Its too new
Im so intruiging, your girl so decievin
Im so exciting and she so conivin

Mixin up the medicine
Mixin up the medicine
I was in the basement mixin up the medicine

I get jail...jump bail
Get jail...jump bail
Get jail...jump bail
Join tha army if ya fail
