[Verse 1]

I left my family at home
To go and sing my song
I know the music pays the bills yall
But I still feel wrong

[Bridge]

Baby Im doing the best that I can yes I am
And I catch myself running everytime
Really only fall behind
Thats why I gotta just rewind

[Chorus]

Take it easy
Theres no need to speed
Slow it down
Take it easy

[Verse 2]

Baby whats wrong
Are you alright?
Im only here for a few days
Lets make it a good night

[Bridge]

Baby youre doing the best that you can yes mam
If you catch yourself running sometimes
Take a breath and recline that he loves you
Just rewind

[Chorus]

Take it easy
Theres no need to speed
Slow it down
Take it easy

[Verse 3]

Ive been around
Ive had my back to the wall
But its a humble inexperience
To find that I havent been through nothing at all

[Bridge]

Cuz even when you doing the best that you can you can
die

If it dont matter leave it behind leave your family
your time and your love
And just rewind

[Chorus]

Take it easy
Theres no need to speed
Slow it down
And take it easy

[Outro]

Theres no need to rush, slow it down [repeats], take
it easy [echo]
Theres no need to speed, no need to rush, hurry up,
slow it down
