I'm waiting for something, I don't know what it is  
I'm putting my boots on, I'm getting ready  
The style and the substance is in a photograph  
I pin it to my heart as a reminder

I've done my time, paid for my crimes  
Some bridges just burn  
The world still turns for us

I'm waiting for something, I don't know where it lies  
The shadow behind me, won't hold me back this time  
I take a step forward for every word was said  
And hope that it leads me to better circumstance

I've done my time, paid for my crimes  
Some bridges just burn  
The world still turns

Cause I went the long way but now I'm coming home  
I went the wrong way but I'm coming back stronger  
than before

Some bridges just burn, the world still turns
