Woah I
I've got a secret
I think I'm in love with missing you
More than I'm in love with you
That's why I go away all the time
That's why I travel the world and roam free
This time you're leaving me
Well this is how I feel

I feel like a traveling salesman
Even though I'm a woman
Picking up my bags from the station
Standing there face to face
I'll be lying if I did not say
I love you more when I'm missing you
That's why I'm always away
Believe me it's true

Woah I
I've got a secret
I think I was born to be in a state of longing
Born to be wanting, wanting
I put it in a letter for you
I love the danger in distance
This time I'm leaving you
This is how I feel

I feel like a traveling salesman
Even though I'm a woman
Picking up my bags from the station
Standing there face to face
I'll be lying if I did not say
I love you more when I'm missing you
It's why I'm always away
Believe me it's true
Believe me it's true
Believe me it's true

I love the danger in distance
I'd rather be missing you
I love the danger in distance

I'd rather be missing you

I feel like a traveling salesman
Even though I'm a woman
Picking up my bags from the station
Standing there face to face
I'll be lying if I did not say
I love you more when I'm missing you
It's why I'm always away
Believe me it's true
Believe me it's true
Believe me it's true
Believe me it's true
Believe me it's true
