And you know  
You always can rely on (ly on)  
What you know of me  
You can rely on (ly on).  
When you're gone  
I always leave a light on (light on)  
When you're gone from me.  
(Light on, light on).

You always have been right on (right on)  
All you long to be is right on (right on).  
When you're gone I always leave a light on (light on)  
When you're gone from me  
(Light on, light on).

You know you can rely on
