Omnipresent phrase in my mind

Spoken word I've said one million times

Who are you to tell me it'll always be this way

I close my eyes and I turn around

And leave it all behind

So free for the moment

Lost somewhere between the earth and the sky

So free for the moment

Lost because I wanna be lost

Don't try to find me

Always try to breeze through my life

Repetitious things I've done one million times

Who are you to tell me that I'll always be this way

I close my eyes and I turn around

And leave it all behind

What could I do

It's not such a terrible thing

What would you do

It's not such a terrible thing

So free for the moment

Lost somewhere between the earth and the sky

So free for the moment

Lost because I wanna be lost

So free for the moment

Lost somewhere between the earth and the sky

So free for the moment

Lost because I wanna be lost

Don't try to find me
