(R, NewtonR. McAuley)

I got it You want it

Say you need it

Still it drives you crazy

Take it all, I can give you same more,

You're my kinda girl for sure,

I'll show you a good time

You could blow my mind

Throw caution to the wind

Eat it up, see haw far we can go

Nothin's gonna stop us now

Do what you wanna do

There's only me and you

Go where you wanna go

You'd be so damn good You'd be the star of the show

Get down Get down to business

A little push is all that it takes

Get down Get down to business

A little push Ooh! Just a little push

Yeah I know a good thing

When I see one,

I like what you do to me

You say you're shy And a little naive

Gotta lotta tricks up your sleeve

So do what you wanna do

The choice is up to you

Go where you wanna go

You could be so damn good You'd be the star of the show

Get down Get down to business

A little push is all that it takes

Get down Get down to business

A little push Ooh! Just a little push

I got it You want it

Say you need it

Gonna drive you crazy

I gotta do what a man's gotta do

Honey, you can shake it shake it to me

Get down Get down to business

A little push is all that it takes

Get down Get down to business

A little push Just a little push
