The summertime has gone
You'll never ever be alone

You are my sun
All the strangers in time
Please call me later tonight
'Cause I'm waiting for love

The summertime has gone
You'll never ever be alone

You are my sun
In the darkness of time
The night is so long
You'll never ever be alone

The summertime has gone
You'll never ever be alone

When you are cryin'
And the moon starts to shine
Please take my hand
Into the ocean of love

The summertime has gone
You'll never ever be alone

When you are smilin'
And the moon starts to shine
'Cause tonight is so long
You'll never ever be alone

The summer night has gone
You'll never ever be alone

You are my sun
All the strangers in time
Please call me later tonight
'Cause I'm waiting for love

The summertime has gone
You'll never ever be alone

You are my sun
In the darkness of night
The night is so long
You'll never ever be alone
