## "How How"

My life is in a serious mess  
My baby is gone, there's heavy mental stress  
I never knew love but I know it now  
I wanna give her my heart, but how, how?

I never knew love but I know it now  
I wanna give her my heart, but how, how?  
How, how?

Maybe, I should buy her a beautiful dress  
Maybe gold and diamonds and no more stress  
I decide to call her, it drives me insane  
But then she's on the line and tells me, "Don't be vain"

I decide to call her, it drives me insane  
But then she's on the line and tells me, "I take the  
blame"  
You're a little fool and you know what I miss  
No diamonds, no gold, just a kiss  
Just a kiss

How, how? How, how?

I got nothing to lose so, I know it doesn't matter  
I do it the old way and write her a letter  
I know how much I love you and I need you now  
You're the one and only and you tell me, how?

Now, I'm out of trouble and a serious mess  
My baby is back, no more stress  
You know, how much I love you and I need you now  
I'll give you my heart, just tell me how, how?  
How, how?
