We have to follow your rules
Just because you think you're important
But ya'll just a bunch of pathetic fools
Hope you burn in hell with your
Low down intolerable ignorance
Cause you're ain't nothing but a headache
Look at me and think im fake
Without your bitch life's a piece of cake
How can you live knowing youve lied
I can't, i did, and inside ive died

You can't be high on dedication
When you have no motovation
Life's cruel, life sucks
It's even harder when ya
Cant feel, can't see

Yet right now im not through
Cause in the end im not you
But still im something worse
I follow my own ways
I live my life like i want to live it
Not like someone else wants me to live it
You beg for their forgiveness
When they should be begging for yours
I don't owe you anything
You owe me everything
You've taken time in my life

Now you have the nerve to judge me
Think you know how i feel inside
And call it your own, you're the victum
Youre nothing but the shit this world
Doesn't't need and never will
So why don't you do all us a favor
And jump, you'll see who'll be your savior
Not me, you've lost your chance

You can't be high on dedication
When you have no motovation
Life's cruel, life sucks

It's even harder when ya
Cant feel, can't see
