Tied up, tied up  
Tied up, tied up  
Tied up, tied up

Gulemo dilemma  
Gulemo dilemma  
Tie me up, the city heat  
Bring the bell, go down the street  
Tie me up to the babaumba beat

Try to beat, try to fight  
Take me back into the ring tonight  
Shake it up, beat down the beat  
Shake it up to the babaumba heat

It's the African queen, we got the summer night grand  
It's the African queen, the hottest lady in town  
It's the African queen, who keeps me on my feet  
It's the African queen, the babaumba beat

All you need is love  
Take my heart  
And hold me tight forever, forever

Bombo yo, ko ko ko, bombo ya  
Bombo yo, ko ko ko, bombo ya  
Bombo yo, ko ko ko, bombo ya

Ring the bell  
Roll down the street  
Tie me up into the city heat

Take me guys, keep up the beat  
Bring the bell into the city heat

Tied up, tied up  
Tied up, tied up  
Tied up, tied up  
Tied up, tied up

Tied up, tied up  
Tied up, tied up

Tied up, tied up  
Tied up, tied up

Gulemo dilemma  
Gulemo dilemma  
Got away  
Got away  
Got away  
(Dilemma)  
(Balduah)

Take me guys, keep up the beat  
Bring the bell into the city heat  
Got away eko ahll, ahh

Ring the bell, roll down the street  
Tie me up into the city heat

Take me guys, keep up the beat  
Bring the bell into the city heat

Take it up, beat on the beat  
Shake it up, the babaumba beat  
Keep your cool, keep cool your mind  
Shift the beat, you're one of a kind

Kick the gong, beef up the beat  
Back to hell into the city heat  
Hit the bell, roll down the street  
Tie me up to the babaumba beat  
Take the beat, take the fight  
Take me back into the ring tonight

It's the African queen, we got the summer night grand  
It's the African queen, the hottest lady in town  
It's the African queen, who keeps me on my feet  
It's the African queen, the babaumba beat
