Waiting for your call, I'm sick, call I'm angry
Call I'm desperate for your voice
Listening to the song we used to sing
In the car, do you remember
Butterfly, Early Summer
It's playing on repeat, Just like when we would meet

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight

Stripped and polished, I am new, I am fresh
I am feeling so ambitious, you and me, flesh to flesh
Because every breath that you will take
when you are sitting next to me
will bring life into my deepest hopes, What's your
fantasy?
What's your...

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight

And I'm tired of being all alone, and this solitary
moment
makes me want to come back home x4
(I know everything you wanted isn't anything you have)

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight

I was born to tell you I love you
And I am torn to do what I have to, to make you mine
Stay with me tonight
(I know everything you wanted isn't anything you have)
