Where did the time go?
It's 7 o'clock and the sun sets slow
Where did the time go?
I'm lost downtown and I can't get home
Why're we always in a hurry
Life's too short to be so worried
I don't wanna go I just wanna stay I don't wanna go but I
don't know why
I just wanna go I just don't wanna stay I just wanna
go but I don't know why
But I don't know why (x3)

Where did the line go?
It's Friday night and I'm all alone
Where did the shine go?
What was new has gotten old
Why're we always in a hurry
Life's too short to be so worried
I don't wanna go I just wanna stay I don't wanna go but I
don't know why
I just wanna go I just don't wanna stay I just wanna
go but I don't know why
But I don't know why (x3)

Why're we always in a hurry
Life's too short to be so worried
