She was a day tripper, yeah
A one way to get there
It took me so, so long to find out, I found out
To find out, I found out

Gotta good reason
For takin' the easy way out
Gotta good reason
For takin' the easy way out

She was a day tripper, yeah
A one way to get there
Took me so, so long to find out, I found out
To find out, I found out

She's a big teaser
She took me half way there
She's a big teaser
She took me half way there

She was a day tripper, yeah
A one way to get, yeah
Took me so, so long to find out, I found out
To find out, I found out

To find out, I found out
To find out, I found out
To find out, I found out
To find out, I found out

Day tripper, day tripper, yeah
Day tripper, day tripper, yeah
Day tripper
