English translation

Ah, while holding close to your bosoms thoughts

inexpressible in words,
today, too, you're being allured into a world where
fighters reside. Ah, the fleeting beautiful stars
blooming in the night sky
are the spitting image of your dead comrades' eyes.
Go now, so that you can win the right to live into
tomorrow.
If you can already feel the tailwind,
then keep going without hesitation.
Oh Battle Girls, bloom proudly. Brilliantly dash in the
sky,
and paint over the full moon.
Now stain it light-crimson.
Oh Battle Girls, bloom extravagantly.
Elegantly scatter through the universe,
and cleave the mirages of the fleeting world.
Your blue flames are scorching.
The heat mirage flickers unsteadily.
Ah, like the flowers blooming in a towering wasteland,
always be strong and proud.
So be it if it should be your fate to scatter.
Girls who fight cannot behave like spoiled children.
There will be a day for tears,
but for now, believe in yourselves and press on.
Oh Battle Girls, stand up and fight. Run through this era
of upheaval.
Even if you have wounds all over you,
push through the twisters of lightning.
Oh Battle Girls, set yourselves free. Embrace both joy
and sadness.
Sever the never-changing darkness while you're being
blown by the wind of fate
in the light of dawn. Oh Battle Girls,
bloom proudly. Brilliantly dash in the sky,
and paint over the full moon.
Now stain it light-crimson.
Oh Battle Girls, bloom extravagantly.
Elegantly scatter through the universe,
and cleave the mirages of the fleeting world.
Your blue flames are scorching.
The heat mirage flickers unsteadily.
