Left the ground  
In black and white  
And when the plane went down  
The colors all around  
I know by now  
The Margin's slight  
And still I can't get out, she's all I think about, can't let  
her go  
It's who you know

[Chorus]

We came down to watch the world walk by  
And all she found was trouble in my eyes  
From the sky she pulled me down tonight  
Let her go  
Let her go

She moves fast,  
Takes control and like a heart attack I know I can't turn  
back  
And time just passed  
Nights moved slow  
And she was all I had, I thought I'd never last, can't let  
her go  
It's who you know

[Chorus X2]

She calls out the farther that I fly  
I love that sound so give me one more line  
And from the sky she pulled me down tonight  
Let her go  
Let her go  
Let her go  
Let her go
