He likes vampires and hit list radio  
But turns it off when he hears this one song he knows  
And you breathe the windows down  
You're driving I-4 as you make your way back home [I-4  
- Florida Interstate]  
You ride in silence because he will not let go  
And you breathe the windows down  
It's a new place that you have found

[Chorus:]

I've been up late writing books  
All about heroes and crooks  
One of them saves you from this  
The other one steals you and then, sure, things, fall  
And all sure things fall.

Do you remember how we used to get so high  
It didn't work at first we tried it two more times  
And we could breathe the windows down  
I was thinking of the temperature outside  
Cool like the water that was running from our eyes  
And we could breathe the windows down  
It's a new place that we had found

[Chorus]

He can take you all the way to church this time  
But don't forget you summed it up in 15 lines

I've been up late writing books  
All about heroes and crooks  
One of them saves you from this  
The other one steals you  
Of all of the places I looked  
And all of the pictures I took  
One of them's here with me now  
I'm finally finding out how, sure, things, fall  
And all sure things fall.
