"Waiting Game"

You and me
A little different
Though we tried to stay the same
It never leaves
And when it changes it is still a waiting game

I wait for a lonely breath
I wait to surface from this death
Wait for the light to come
And take away these images I get
In my head

[Chorus:]
More than ever
I need to feel you
More than ever
I see the real you

You are me
A worst disaster would be waking up alone
Now we're free
We're drifting out
Like all the ones we didn't know
I wait for a silent tear
I wait for things to disappear
Wait for the ground to stop moving underneath my only
fear
If I lose you I don't know

[Chorus #2:]
More than ever
I need to feel you
It's all around
More than ever
I see the real you
And it surrounds

Everything, everything
We've had
Out of sight out of mind
Given that

What I see when I dream
Hurts like hell and back
[x2]

[Chorus #2 (x2)]
