Los Angeles

Live and direct from Planet Los Angeles

Power 106, we got Conejo and Bandit up in this canton

Chicano Rap taking over your radio station

Watch out homey

Somos pocos pero locos, Tattoo Ink homes

What you vatos from the area stay back to the bumps

Sunday nights on your FM dial

Jams from the barrio about the homies on trial

Soy Conejo, I'm in your airwaves

And I'm distributing sound that be controlling the town

Fallen Angel, I got explicit contents

Checking vatos on the mic, spitting all of that nonsense

Back down, I'll bring your Latin's finest

In Southern California causing gangster riots

I got Khool-Aid, I got Johnny Cuervo

I'm talking serio pedo, I ain't playing no juegos

Keep it hard while I watch you crumble

Enemigas wanna hate cuz the vato marinates

I'm a rider and I got your fix

Just tune in to the station ese, Power 106
