There will be no ordinary days for you
If there is someone who cares like i do
You have no reason to be sad anymore
I'm always ready with a smile
With just one glimpse of you
You don't have to search no more
Cause i am someone who will love you for sure so..

(CHORUS)

If we fall in love
Maybe we'll sing this song as one
If we fall in love
We can write a better song than this
If we fall in love
We will have this melody in our heads
If we fall in love
Anywhere with you would be a better place..

You can watch sad movies in a diffirent light
So i'll be there beside you
Hugging you oh so tight
(oh so tight)
Your hands will never feel so cold and empty again
Coz i will keep on holding on and won't let go
(never let you go)
You don't have to search no more
Cause i am someone who will love you for sure so..

(CHORUS)

If we fall in love
Maybe we'll sing this song as one
If we fall in love
We can write better a song than this
If we fall in love
We will have this melody in our heads
If we fall in love
Anywhere with you would be a better place..

Feel so good when you're around
One smile from you
(one smile from you)
Be mine, this feel so right..so..

(CHORUS)

If we fall in love

Maybe we'll sing this song as one

If we fall in love

We can write better a song than this

If we fall in love

We will have this melody in our heads

If we fall in love

Anywhere with you would be a better place..

yeah aaaaaa
