Verse 1:

Love u love u baby, you give me fever

Verse (M1):

Im hot a temperature a 100 degrees
I sweat when I sneeze but am Âbout to freeze
I cant even breathe am shaking and shivering
a deadly disease attacking my liver my kidneys my
spleen my lungs and my heart
I cant even take it IÂm falling apart
The doctors canÂt even tell me what I got
But where does it hurt and when did it start?

It started with Carmen weÂre from the same hood
Carmen Santina Angelica Woods
Her papaÂs a baker her mom is a teacher
We met skipping school met in a double feature
Eating popcorn at the back of the theater
and shared our first kiss in my little 2 seater.
We talked about life about love about war if it aint
about love what are we living for
Carmen Santina Angelica Woods id give you the sun
and the moon if I could.

Ch:

M1 verse2:

Carmen Santina Angelica Woods searched high and
low for her all the through the hood
Talked to her family her mom and her pop
She ain't no good for your heart ugh ugh rip it apart
My hommies tell me be tough but I could not get
enough
We made a connection you see not sexually but deeper
than oceans and seas
See you can't be afraid to be cause she makes me
feel like I am free
If she could be right beside me I'm good she is my
medicine she is my cure
See you cant be afraid to be cause she makes me feel
like I am free
Wish we could take it right back to the hood
