“ Ssh Ssh psst psst mami mami come here let me talk
to you, come here let me talk to you come here
Ah come with me baby, I can be your sugar papi baby,
your sugar pimp
I like it sweet and low too, but I am no artificial
sweetener naha.

come on and let me take you around the world,
I got my platinum metro card
We can go underground undercover under your wear
Because with my looks I cannot be seen in public naha.

Come on don't lie to me baby, I know Latin Girls love
their coffee with a whole lotta sugar and giving sugar
is my business marinate on that like marmalade
baby”

I aint got money but i got a lot

But girl I promise I'll do what I can
I'll hold your hand when you're feeling sad
