As a flower  
Eases it's way from the sidewalks  
I see it  
Its color possesses the town creating all the by-  
standers  
To frown and they don't know  
The significance of this  
Its time they find out  
Its time they know the significance of this  
As i walk up to it  
There's nothing more  
Ive got to find a way  
There's nothing more  
Ive got to find a way out  
These thorns are protected by a layer  
Grab the sun and carry on  
These thorns are protected by the sidewalk  
As i  
Walk up  
To it  
Gracefully im stopped and astounded by it's thorns  
As i  
Walk up  
To it  
Gracefully im stopped and astounded by it's thorns  
These thorns are protected by the sidewalk  
Grab the sun and carry on  
These thorns are protected from the sidewalk  
Grab the sun and carry on
