"Only Love"

I see the distant lights ahead
Another hour or so and I'll be in there
I guess I really thought
That I was gone for good
But you know I never could
I count the headlights passing by
But everyone I find another reason why
You'll be sound asleep
And I'll look like a fool
How could I be so cruel

Only love could make me turn around
And make these tears come tumbling down
Only love
Only love can make you stay with me
I doubt myself that you believe
Only love

I wish that I could be that strong
You see me as I am and love me right or wrong
I guess I'm still afraid
To only say goodbye
So I keep it all inside

Only love could make me turn around
And make these tears come tumbling down
Only love
Only love could make you stay with me
Only love (repeat 2)

So I try to run but no-matter what I do
I know it's true
I can't go on without you

Only love could make you stay with me
I doubt myself that you believe
Only love
Only love could make me turn around
And make these tears come tumbling down
Only love
Only love could make you stay with me

I doubt myself that you believe
Only love

Only love could make me turn around
And make these tears come tumbling down (sing to
fade)
