At the close of every day  
there's a woman passing.  
Lover did you hear her say  
her one last word?  
"We're all doing time"  
Something's closing  
Haven't you heard?  
The woman that we've tried to stop  
now sits alone just waiting till forever,  
forever makes me cry and I don't know  
why all you people, put that into my head  
I can't see why this conversation  
is looking kind of dead.

At the close of every day  
There's a woman passing.  
Lover, did you hear her say  
her one last word?  
I'm often doing time  
and I don't know just  
why you reckon it would be  
this day and

Don't you see  
that my heart's on fire?  
your wicked wings that you  
spread around me sometimes.  
All I know is we've got to aim higher  
Babe, I wish that we'd go  
for the great escape.

So you do praise a different light  
and I am blinded by it, so sorry  
that I made you cry  
your faith in me it had to die  
I guess that, that it's too late,  
the lights are out,  
the party's over, baby  
and now I wish I'd told you

Don't you see

that my heart's on fire?  
Your wicked wings that you  
spread around me sometimes  
All I know is we've got to aim higher  
Babe, I wish that we'd go  
for the great escape.

Don't you see  
that my heart's on fire?  
Your wicked wings that you  
spread around me sometimes.  
All I know is we've got to aim higher  
Babe, I wish that we'd go  
for the great escape.

In your shade I'll shape my life  
Then I know it's alright  
And I'll take one last look at you  
Then I know it's alright.
