Oh lord  
It's pulling me down  
Oh darling  
How weak this crown

Do you fail  
To understand  
What is heartily now  
What's in your hands

Oh creature  
Oh love  
Strained now  
'Til we get enough  
I ain't afraid no more  
As they batter down the door

Who you are and what you say  
You've built it up some other way  
Isn't that crime these tears divine  
Love you tear me up sometimes and

Oh darling  
You and me  
Stuck on time as we see  
The outside world fade away  
'Til the dark  
The dark of the day

Who you are and what you say  
Does it mean now anyway  
Throw off your crown, tread me down  
Oh baby stop all feelings now

Oh we're worlds apart  
Helpless as we are  
You and I  
Walk on by  
Our little love will die

Still walking the bridge to God

Thinking things that I can not  
Relate this to what you say  
Bricks are falling down this day, oh

Oh darling  
The weeks to come  
Ain't nothing but the sound of your drum  
You can stay or walk away  
As I, I long to say

Who you are and what you say  
Babe we've lost now anyway  
Isn't that a crime these tears divine  
A river 'round your waist sometimes, oh

And stuck in tears as we've gone too far  
Babe you've built a wall  
That's hard getting through  
Getting through to you

Who you are and what you say  
Held down anyway  
Oh darling fear brought us here  
Oh oh, hold hands she don't want me tied  
Her hands still stuck in mine  
Baby I long to see, oh oh  
Hey you, my tears won't mend  
Until the end
