

Yesterdays Rising "Catastrophic"

Visit "[Catastrophic](#)" on MotoLyrics.com

something catastrophic
something more than what you think
something i don't want
if we ever find the sun
to be beautiful again
i wont want to go
back to what we knew
if we ever find the sun
well see beauty once again
CATASTROPHIC
I can see you're feeling me
its the end, its the final end
if we ever find the sun
a brother i will see
if we ever find the sun
to be beautiful again
i wont want to go
back to what we knew
if we ever find the sun
well see beauty once again
CATASTROPHIC
