"Fall From Grace"

crack the cover of any book
and begin to pathfind through
out the life of the story
and you will find that it is
written by an author of life
and I can't be there when you call me
can I move
forward, not behind?
can I sail
far across the seas?
will you let me
do as I please?
why can't I
let me go?
also am I right or am I wrong?
will you be there when I call you?
oh no
crack the cover of any book
and begins to pathfind through
out the life of the story
