Better bounce back for the rug rats
Show a scrub in the club where the sluts at
Who me i keep a piece wherever i go
Cuz i know

When this shit hit the store it's gonna blow like wind
I bet you everybody know it's the return of the twins
We out here workin again, tryin to get it in

And we never will stop from the begining to end
From the paper to pen
Put your coke in the henn
If you about it mothafucker put your juice in the ginn
We just tryin to win
Make a couple of ends
Cuz a lot of yall didn't think that we would do it again
But we proved you wrong
Cuz our bidness is strong
And a lot of yall girlfriends say we got it goin on
That just make ya mad
And u wanna hate
But when you try you seen that you just too late

(Hook 2x)

We gonna blow this bitch down (Blow this bitch down)
We gonna blow this bitch down (Blow this bitch down)

What's it that make your bed hot
Lost and livin crack spots
Coughin on your dub sack
Bluffin thugs don't love that
Rushin i can get mine
Dippin gotta get from one time
Lost like a newborn
Cost like some new jordan
Switch like a true freak bitch
They don't love me
Only to get your letter
They live better than the movies

Huff Puff, blow, stop, roll
Get ur ass on the goddam floor
Now here i go
If you got it on your mind that's fine
But u better be careful cause u never will know if u
might get faced with a nine
Its the ying to the yang and we on the ground
Cuz we can't lose and we came here to blow the bitch
down

(Hook 2x)

We gonna blow this bitch down (Blow this bitch down)
We gonna blow this bitch down (Blow this bitch down)
Now huff Puff and blow the bitch down
Huff puff and blow the bitch down
