set free  
everything you need to let go  
when we speak we breathe  
when we breathe we feel  
allow me and watch me  
lay my thought down right here right now  
i can't breathe my speech is slow  
i don't know i just don't know  
whether or not i will speak  
i want to breathe i want to breathe  
we are off  
and we can't pretend for a second that were clean  
we are off  
and the path blacking out and its so hard feeling the  
pain of not breathing  
we are off  
and we cant pretend for a second that we clean  
we are off  
and the path will not open until i say go  
its hard feeling the pain of not breathing  
(when we speak we breathe when we breathe we feel)  
its hard feeling the pain of not breathing  
(when we speak we breathe when we breathe we feel)  
letting the light spread  
when the energy is amongst our fingertips  
letting the waves crash  
when they're able to cause danger  
is where we descend  
i can break me down  
it can break you down  
you can't break me down  
when we speak we breathe
