Johnny kicks the bucket today

The third one down, now Marky take it away

Johnny bit that bullet, you see

Now he resides down in the ground with Joey

Arrivin' into Indy about thirty minutes late

Taxiin' for twenty minutes to get to my gate

Got home, went to bed, I got that morning news down
on low-key

Was driftin' off to dreamland when I heard that awful
story

Johnny kicks the bucked today

The third one down, now Marky take it away

Johnny bit that bullet, you see

Now he resides with the Devil and Dee Dee
