YG - On the Set lyrics

(Verse)

Light skin, slim fit , curly hair

Where's your climax girl I'm trying to take you there

Road deal drive girl I'm tryin to take you there

She never had an orgasm girl well I'm trying to take
you there

She be with the 1,2

She be down and fucking kicking down like kung fu

She a bad bitch, she fuck the city up

She like hurricane Sandy when she come through

Oh my she give me butterflies , but fuck me and shy

Read the beam and I'm tight she know I'ma ride

Rapping or not I'm at the crib I told her drive through

Like Jack in the box

Girl let me find out where your spot is

So girl I have you acting like somebody you not uh

Situation could only get realer

So you just be my bitch and I'ma be your miller

(Hook)

I put that on the set, kissing on your neck

I won't let you go

If you respect yourself, I'm gon' give you your respect
girl

I wanna mop you now, you be lovin' now

I wanna mop you it now

I bring my spec

I wanna mop you now, you be lovin' now

I wanna mop you it now

I bring my spec

I wanna mop you now, you be lovin' now

I wanna mop you it now

I bring my spec

I wanna mop you now, you be lovin' now

I wanna mop you it now

I bring my spec

(Verse)

We got together , broke up and got together

She got me wondering who she fucking when we not
together
Her friends ratchet don't kick it with 'em
'Cause they say the birds with the same feathers
flocking cabbage
That insecure shit she don't like
That imature shit she don't like
We both got spinning pops
I be spinning money , she be trying spending night
Her ex went broke aw fuck that's a bummer
We do numbers like 69
We be fucking when we break up
I ain't tripping that pussy better mine
She need sex, I'm like call me now
When they hundred I dick it down
She tryin' to wear my heart on the necklace
She don't wanna fuck the first night and I respect that

(Hook)

I put that on the set, kissing on your neck
I won't let you go
If you respect yourself, I'm gon' give you your respect
girl
I wanna mop you now, you be lovin' now
I wanna mop you it now
I bring my spec
I wanna mop you now, you be lovin' now
I wanna mop you it now
I bring my spec
I wanna mop you now, you be lovin' now
I wanna mop you it now
I bring my spec
I wanna mop you now, you be lovin' now
I wanna mop you it now
I bring my spec
