There's someone at the door  
Someone at the door  
I'll go get it  
Well if it isn't our distant cousins  
Look darling it's our cousins.  
Come on and meet my family  
Come in and meet my family  
We are eating  
Come in and meet my family  
Come in and meet my family  
We are eating  
You must join us  
Come on dear, lay another place for  
The apes and the chimpanzees...

You look like an orang-utan  
You look like an orang-utan body-popping  
Well I am just a monkey  
I'm just a monkey that is rocking!  
You must join us  
Come on dear, lay another place for  
The apes and the chimpanzees...
