Here I am  
A young man  
Come and get me if you can  
Up in my room covered in flames  
Meet me at the cinema  
You can take me in your car  
I'll lie in the back and stare at the planes  
There's an orchestra in me  
Playing endlessly  
I even hear it now  
They play in the devil's key  
An endless symphony  
I even hear it now  
And I listen to the music  
Beautiful music  
Yes I listen to the music  
Beautiful music

Here I am  
A young man  
You can roll me in your hand  
Throw me up high into the air  
I wandered on  
Ripped and torn  
A samurai in a storm  
Over the sand into the glare  
Because there's an orchestra in me  
Playing endlessly  
I even hear it now  
They play in the devil's key  
An endless symphony  
I even hear it now  
And I listen to the music  
Beautiful music  
Yes I listen to the music  
Beautiful music

Here I am  
A young man  
A crashing computer program  
Here is a pen

Write out my name  
There's an orchestra in me  
Playing endlessly  
I even hear it now  
They play in the devil's key  
An endless symphony  
I even hear it now  
And I listen to the music  
Beautiful music  
Oh I listen to the music  
Beautiful music  
Yes I listen to the music  
Beautiful music  
Yes I listen to the music  
Beautiful music
