Let me tell you brother about Calvary crimson flow. How
Jesus came and gave his life for the sinful soul. How he
shed his blood for you and me so we all could be saved
He gave his life at Calvary to wash all our sins away.

They spat upon our savior mocking him that day. and
they placed a crown upon his head and they led him
away. To a cross he was nailed so we all could be
saved. He gave his life at Calvary on crucifixion day.

O Satan thought he had one. When they crucified the
son. But little did he know for life had just begun. From
the cross to the grave on that third and glorious day.
Christ arose o praise his name. So we could live today.

Let me tell you brother about Calvary crimson flow. How
Jesus came and gave his life for the sinful soul. How he
shed his blood for you and me so we all could be saved
He gave his life at Calvary to wash all our sins away.
