sitting in a wasteland, watching the waves come  
crashing down on me.  
sick of the misery everyones pointing the finger at me.  
how i wish i could move out, wish i could move out for a  
while.  
somewhere where i can have a beer and not worry  
about a thing.

well everyones still watching me.  
woahhhhh  
quit your crying just watch t.v.  
woahhhhh

chorus:  
well everyone knows...  
this is the world now, nobodys gonna do a thing.  
this is the world now, this is the end for you and me,  
and me.
