"Come And Live This Life With Me"

Visit "[Come And Live This Life With Me](#)" on MotoLyrics.com

I don't know what you have been thinking of
But I have been thinking about my -lord
I don't know what you have been laughing about
But I have been laughing for joy in my Lord
I don't know what you have been living for
But I have been living for my Lord
No I don't know what you have been dancing for
But I have been dancing for joy in my Lord
Come and live this life with me
Live for the Lord and will set you free
From whom the son shall set free
He shall be free indeed
I don't know what you have been talking about
But I have been talking about my Lord
I don't know what you have been singing about
But I have been singing for joy in my Lord
I don't know what you have been walking for
But I have been walking for my Lord
I don't know what you have been shouting for
But I have been shouting for joy for my Lord
Come and live this life with me
From whom the son shall set free
He shall be free indeed
