Now I've been believer, all of my life
Grown up in a christian home saved when I was 5
I went to church ever Sunday and on Wednesday
I was thought I was a good boy, humble and true

But I lived a life as filthy inside
I was a dirt bag, a frown with a smile
I've lived the death in my own prison
In chains to my own flesh
I didn't realized till I was 14
How much hurts

But god is so good to me
And I can't get it out of my head
God is so good to me
No I can't get it out of my head
Sooooooo good, sooooooo good

I owed a debt I could not pay
Not with my life
I deserved god's forsake
For the kind the guy eyes like
I should have been hung out to die a slow painful death
My just sentenced it was
I should have born scorn and rebuke
From the ones I thought I loved
But Jesus paid my debt, he gave his life for me
Jesus was forsaken by god, oh for me you see
Jesus was hung out to die a slow painful death
To take my nation he chose
Jesus he born scorn and rebuke
From the ones that he loved most

Yes god is so good to me
And I can't get it out of my head
God is so good to me
No I can't get it out of my head
Sooooooo good, sooooooo good

Now my friends I'd like to tell you
Of the joy that came to me

God gave me all the victory, set me absolutely free
God gave me peace, like a river the love of god is
sweet
I tell you this there's been forgiven, he doesn't have to
whip
And prayer, it's so sweet, I love to talk to god
I love to read my Bible, speaks right to my heart
I see the wonder of those old hymns I now love
The power of prays and song
I see what fun it is to commune with god
And live above what's wrong

Oh god is so good to me
And I can't get it out of my head
God is so good to me
No I can't get it out of my head
Sooooooo good, soooooo good
