"I Shall Be Like A Tree"

As for me i will be hold by facing brighteners
I will be satisfied when I awake with likeness
And I will be like a tree
Plant it by the river waters
Waters flowing full and free
And how could my fruit will be
From sweeter than honey waters
And when I divide in your God
What so ever wish and prosper
Shall hold your peace
Fear me not stand still and ..
The salvation of the lord
And shall be like a tree
Plant it by the river waters
Waters flowing full and free
And how could my fruit will be
From sweeter than honey waters
When I divide in your .. what so ever I will do shall
prosper
And shall be like a tree
Plant it by the river waters
Waters flowing full and free
And how could my fruit will be
From sweeter than honey waters
When I divide in your .. what so ever I will do shall
prosper
