[ 'Speed Racer' sample ] We wanna inspect your car,  
Speed? Huh, but sir, the rules say any kind of car can  
race in the race So why do you have to inspect the car?  
There's a good reason, Sparky Oh, Inspector Detector  
How are you Inspector? Haha, glad to see you Fifty  
million dollars in gold bars that were being kept In the  
national bank, were stolen last week Yes, we read  
about it, sir It's possible that someone might try to  
smuggle Those bars, out of the country, sometime  
during the race We won't be able to search the cars,  
once the race starts So we better do it now We can't  
afford to let the robbers get away with a fortune like  
that [Cno Evil] This is the PRELUDE before the STORM  
hits Witness the dimmings of the lit, from the ECLIPSE  
Darkness, with no fright, the King yelled "attack it's  
war" Soldiers rushed in more spots, than a JAGUAR I  
could of sworn I saw a SILVER GHOST, must of been my  
mind Playing tricks with my eyes, I'm forced to rewind  
Or it'll diminish me, I have to fight from here to INFINITI  
My sword, it lives in me They were quick to attack with  
the battering RAM My men drowned from the flood that  
escaped out the dam My LANDS "R" OVER, but my  
RANGE is far Skilled archer, since the age of 12,  
causing scars That one was a HUMMER, silent and  
unnoticed Hit ACCORDingly, with ACURAcY and deep  
FOCUS Hiding in the trench, a SPIDER crawled up my  
leg Blood dripped off the roof's RIDGELINE, onto my  
head I DODGE death, since nobody's murkin' me They  
call me, quicksilver MERCURY I'm the lord of the ring,  
just like SATURN I ROLLED like a PHANTOM, since  
ROYCE showed me the pattern I'm exotic like a  
MUSTANG, from the North American Lands Descendent  
of an Arabian horse, brought here by Spanish  
EXPLORERS You want war, I got war, plus 200 soldiers  
with their backs tornd Extended, adventerous,  
intellectual, spiritual QUEST Just like the ODYSSEY, we  
protect with vests We're the best, that's why we don't  
end up casualties There's no need for sincerity and  
your flattery I'm a CIVIC to my place of birth which I  
return to tonight The INSIGHT is that we fight with all  
our might So we prepare for battle, that we take under

But still our hearts stay ice cold like TUNDRA [Chorus  
2X: Li-Mouse] It's a world of chaos, living in lies  
Poisonous exhaust fumes, fill the sky Only way to  
survive, is to keep above half Choose quick routes, and  
avoid dangerous paths [Li-Mouse] The MUSTANGS  
couldnt keep up with the TEMPO That lead to the  
THUNDERBIRDS to remain stable in the METRO After  
many years, they lost thier FOCUS Which made  
celebrities with BERETTAS claim to be the LOCUS  
VICTORIA was CROWNED queen of the area COOPER  
saw and busted out with laughs hysteria He sent an  
EXPLORER to set his own version But the NAVIGATOR  
failed to guide him through the EXCURSION CARAVANS  
of angry VIPERS rebelled on their own ACCORD They  
took LIBERTY to say the queen dies by the sword Solar  
ECLIPSE block DEL SOLS SUNFIRE The world was dark  
so the NEONS were up for hire BEETLES had to run  
from the AVALANCHES They took west EL CAMINOS to  
escape death chances The queen didn't care in fact  
TRIBUTE she demanded COUGARS liven in SUBURBAN  
towns were reprimanded For the years of toture from  
the CHEROKEES They had feathers and deep ACCENTS,  
eating from berry trees A war broke loose on PARK  
AVENUE it was big again MAGNUM ECHOED, the  
CROSSFIRE hit many citizens Not one ELEMENT, was  
able to stop her Even HYBRIDS who had an INSIGHT  
couldn't shock her Just as when everyone was going to  
set up the white flag A sound was heard, the queen  
went mad It was Cooper's PROTEGE, PILOT OF THE  
WINDSTAR An AVIATOR LEGEND with a LEGACY that's  
been far The queen tried to shoot him down with the  
laser He was to quick and hot, people called him a  
BLAZER Lighting strikes and winds like a TYPHOON  
Victoria finally realized she would die soon [Chorus 4X]
