Go!

As the wave crashed down
Everything began to move so slow
Lights were fading out and I thought
I had to let you go

But I'm not afraid,
I would die for you,
I would die for you
But not to day, so tell me, tell me
Tell me if this is the end?

(Get up, get up) You think you life is over.
(Get up, get up) But you don't really want it
(Get up, get up) Just listen to the things I say,
I say, to you

As the wave died out
Everything began to move real fast
With my head above the surface
I could breath at last

But I'm not afraid
I will fight for you
I will fight for you
Every single day, so tell me, tell me
This just can't be the end!

(Get up, get up) You think you life is over.
(Get up, get up) But you don't really want it
(Get up, get up) Just listen to the things I say, I say!

(Get up, get up) You think you life is over.
(Get up, get up) But you don't really want it
(Get up, get up) Just listen to the things I say

Stay, so stay with me stay with me!

(Get up, get up) You think you life is over.
(Get up, get up) But you don't really want it

(Get up, get up) Just listen to the things I say, (whoa)
say!

(Get up, get up) You think your life is over.
(Get up, get up) But you don't really want it
(Get up, get up) Just listen to the things I say,
I say (This will not be the end)

(Get up, get up) You think your life is over.
(Get up, get up) But you don't really want it
(Get up, get up) Just listen to the things I say
