Closing my mouth
Before I scream
No-one can shake
My self-esteem

Whisper my name
Confuse my mind
To me it's the same
If I'll survive

This game, you can't win
Who is free from sin
I won't be afraid
My soul will remain

Go on and sleep
The sleep of the just
If your conscience is clean
Do what you must

One day you will know
I was a friend, not foe
I won't be afraid
My soul will remain, yeah
Let go of your hate
I won't be afraid, yeah, ho

I won't be afraid
My soul will remain, yeah
Let go of your hate
I won't be afraid, yeah, ho
