I always knew, somewhere in time
We'd meet again, we'd cross that line
Don't need to question, there's no reason why
The answer lies before your eyes
Do you know who I am?
Do you understand?
Deja vu, dreams come true
I see my soul inside of you
Deja vu so many lies
Familiar spirits behind your eyes
'Cross between world through windows of light
With open arms we hold back the night
The crystal of power, we hold in our hands
Go on forever and love is the plan
Do you know who I am?
Do you understand?
Deja vu, dreams come true
I see my soul inside of you
Deja vu so many lies
Familiar spirits behind your eyes
Deja vu, dreams come true

I see my soul inside of you

Deja vu, somewhere in time

We'd meet again, we'd cross that line

Deja vu so many lies

Familiar spirits behind your eyes

Deja vu, dreams come true

I see my soul inside of you, deja vu
