This feels like Paradise
We'll be in Heaven tonight

Lost in a dream in the arms of the night
Two lonely prisoners of our own device
Don't let me go hold on together

You wanna know if love can be real
Now I wanna take everything I can steal
Love on the line, it's now or never

Why can't the night last forever?

This could be Paradise
Holding you here by my side
If we just close our eyes
We'll be in Heaven tonight

Run through the night down streets of desire
Burning my soul, my heart's on fire
Give up the fight, it's sweet surrender

With trembling hands we reach for it all
Two desperate hearts waiting to fall
I need you now, now more than ever

Why can't the night last forever?

This could be Paradise
Holding you here by my side
If we just close our eyes
We'll be in Heaven tonight

This could be Paradise
Holding you here by my side
If we just close our eyes
We'll be in Heaven tonight

This feels like Paradise
I see the world in your eyes
If we just hold on tight
We'll be in Heaven tonight

This feels like Paradise
We'll be in Heaven tonight
This feels like Paradise
We'll be in Heaven tonight

This feels like Paradise
We'll be in Heaven tonight
This feels like Paradise
Heaven tonight, you by my side
