Look at me  
See the love that you're missing  
Can't you see  
That I'll always be there, always be there

You can't run  
You can't hide from the feeling tonight  
Damage done  
I guess love isn't fair

Sometimes I wonder who you are  
So close but we've gone too far

How long can I hold on  
Till you say goodbye, baby

You're gone and it's so wrong  
And now my heart cries for you, girl  
My heart cries for you

Lonely days  
Fill my nights with such sorrow  
Shades of grey  
Turn into blue tomorrows

Sometimes I wonder where you are, where are you  
So close but your eyes are so far

How long can I hold on  
Till you say goodbye, baby

You're gone, I can't go on  
And now my heart cries for you, girl  
My heart cries for you  
Yeah, yeah

How long can I hold on  
Till you say goodbye, baby

You're gone and it's so wrong  
And now my heart cries for you

How long can I hold on  
Till you say goodbye, baby

How long, hold on  
How long, so long

My heart cries for you  
(How long, hold on)  
My heart, I hold on, baby, oh  
(How long, hold on)
