Legion Of The Damned
Legion Of The Damned

Deprived of our lives, pushed into war
Our fearless leader lies
He's rotten to the core
As per instruction,
march through no man's land
Machines of destruction,
combat hand to hand

Marching over frozen water
soon reaching the front
Into the merciless slaughter,
on the human hunt

Battling the enemy that we don't know
We're strangers in a strange land
Losing it all we are sinking so low
We're the Legion of the Damned

Legion Of The Damned
Legion Of The Damned
Legion Of The Damned

Soldiers without faith, fight fire with fire
Don't know why we hate, so we'll die trying
This is madness without end,
are we men or fools
There's no honour to defend,
we obey insane rules

Mortars blowing us to pieces,
hell is breaking loose
Minds all sick full of diseases,
no one sees the truth

Marching over frozen water
soon reaching the front
Into the merciless slaughter,
on the human hunt

Battling the enemy that we don't know
We're strangers in a strange land
Losing it all we are sinking so low
We're the Legion of the Damned

Legion Of The Damned
Legion Of The Damned
Legion Of The Damned
Legion Of The Damned
Legion Of The Damned
Legion Of The Damned
Legion Of The Damned

When it's said and done, there'll be no victory
They're blocking out the sun
all that's left in misery

Marching over frozen water
soon reaching the front
Into the merciless slaughter,
on the human hunt

Battling the enemy that we don't know
We're strangers in a strange land
Losing it all we are sinking so low
We're the Legion of the Damned

Legion Of The Damned
Legion Of The Damned
Legion Of The Damned...
