Read the signs
On the horizon
Turning blind
No one can see
Hypnotized
Seems like forever
To realize what this must be
Now eons have passed
Since the dawn of time
When our Lord turned water into wine
Must be done
In the eleventh hour
To be undone
There is no time
Slips away like an illusion
Forever lost
???? forever
Now eons have passed
Since the dawn of time
When our Lord turned water into wine

?????
Just like a stranger
I lost my way in this strange land
Hypnotized
Seems like forever
To realize what this must be
Now eons have passed
Since the dawn of time
When our Lord turned water into wine
