I live by the sword  
And never surrender  
Die by the sword  
And I don't give in  
Now I must rise  
And take the journey

Blood, sweat and tears  
Is what you will find  
All these wasted years  
In immortal sin  
Angels of death  
Will always follow you

I must live to fight another day  
I will see the light again  
Now you must learn  
How to burn

For eternity relentlessly  
Oh, no!  
The battle cries  
Or getting louder  
Now it's time for you  
To face the truth  
There is no higher ground  
For you to run to

Must sacrifice  
Now it's all or nothing  
You must lift the curse  
Haunting you  
Forever lost  
But never found

I must live to fight another day  
I will see the light again  
Now you must learn  
How to burn  
For eternity relentlessly  
Oh, no!
