I've been searching all my life
I've been hurting living lies
In the dark trying to find true love

In my heart
No time to lose
Goodbye to blues

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Joined our souls now we're free
Reached our souls we finally see
Yesterday we lived in sorrow
Today for tomorrow

No time to lose
Goodbye to blues

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Walking through fire
We're stronger than steel

No time to lose
Goodbye to blues

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
We were meant to be
We're walking through fire
We're stronger than steel

Why can't you see
