They all were there the court was full
The king beside his queen
His love was cold the fool will dance for her
Till end of time

Queen is in love, yeah, yeah
Queen is in love, yeah, yeah, yeah

But she couldn't help her burning heart
And now he's burning too
Their love was blind they will dance until
The end of time

The queen is in love, yeah, yeah
The queen is in love, yeah, yeah, yeah

The queen is in love, yeah, yeah
The queen is in love, yeah, yeah, yeah

The furious king now has learned
He sentenced them to burn
Forever one they are joined in death
Eternally

The queen is in love, yeah, yeah
The queen is in love, yeah, yeah, yeah

The queen is in love, yeah, yeah, yeah
The queen is in love, yeah, yeah, yeah

The queen is in love
